**F. Title I-A Schoolwide Programs - (as applicable)**

1. Provide a general description of how the schoolwide programs will ensure that all low-achieving students in all subgroups, including economically disadvantaged students, racial/ethnic subgroups, limited English proficient students, students with disabilities, migrant students, and homeless students are receiving assistance to increase their level of achievement.

Title I schools provide a strong core program providing all students access to Tier 1 materials. Students who are in Tier 2 for literacy or mathematics are provided interventions for 30 minutes per day focusing on the needs of the student. Language1 is provided for students who are Tier 3 for literacy. This is a replacement curriculum. Students who are in Language1 are also provided 30 minutes of instruction with the Basal Alignment Project to ensure they are having access to grade level materials. In many of ASD's Title I schools, students are also provided the option of before or after school tutoring and access to summer programs.
